

TREASURER

Being elected treasurer of your Kiwanis club is proof that your fellow members see you as a person of integrity—with an aptitude for finance. You've been entrusted the important responsibilities of collecting and disbursing your club's funds and maintaining accurate records. You—along with the club board—are responsible for your club's solvency and financial stability. Take pride in your leadership role. You've earned your club's trust.

RESPONSIBILITIES

The treasurer works with the club secretary to coordinate the club's financial responsibilities and records. The treasurer often serves as an advisor to the club on financial matters, including setting a club budget.

A Kiwanis club's treasurer is an officer of the club and a member of its board of directors, entitled to participate in all board discussions and eligible to vote on any question put to vote by the presiding officer.

The treasurer is responsible for collecting all funds due to the club and for keeping the records of membership fees and dues, unless these responsibilities are delegated to the secretary. Club treasurers will find a list of resources at www.KiwanisOne.org/leadertools.

Dues and fees

Kiwanis International dues and fees:*

US\$52: Kiwanis International dues

US\$13: Liability insurance (North America and the Caribbean only)

US\$4: Directors and officers insurance (North America and the Caribbean only)

US\$8: Magazine publication (for English-speaking members in North America)

In addition to Kiwanis International dues and fees, each district also has dues and fees.

These are unique for every district and are set by the house of delegates at a district event.

The club also has the option to set dues and fees that are retained directly by the club to cover or offset club operations. These monies stay in your club's administrative account.

For North American clubs only, when your club receives an invoice from Kiwanis International for continuing members or new members, both the Kiwanis International and district costs are included when applicable. Also, Kiwanis International collects fees for the Kiwanis International European Federation. To simplify the payment process for clubs, Kiwanis International collects all of the dues and fees mentioned above and then distributes them appropriately.

Some divisions request a voluntary contribution to either the division or the lieutenant governor.

*Depending on your country's GDP and location, Kiwanis International dues and fees may be adjusted.

Club accounts

While some clubs may have the need for several separate accounts, every club has a minimum of two: the administrative account and the service account.

The administrative account is for all administrative expenses of the club. The majority of these funds comes from annual club dues, meeting meals (if applicable) and membership fees from new members.

The service account is for the service programs of the club. Basically, the income for this account is derived from fundraising projects in which the public participates or from designated contributions.

Article 8, Section 1, of the club bylaws stipulates: “Monies received for club service activities, regardless of source, may be used only for service activities.” The service account covers expenses for all club service activities, as well as all educational, religious and charitable activities. The service account can also cover expenses associated with sponsorship of a Kiwanis Service Leadership Program (SLP) for youth, adults with disabilities or university students.

Generally, money from any activity in which only members participate is deposited into the administrative account. However, income from some members-only fundraisers that are designated by the board as service fundraising projects may also go into the service account.

Administrative accounts receive income from:	Administrative accounts cover the expenses for:

REMEMBER:

- Income from fundraising projects in which the public participates **MUST** go into the service account.
- Administrative and service accounts must be maintained and reported separately.

Accounting system

Accounting systems will differ, depending upon services and equipment available to the treasurer.

Be sure that, when you develop your club accounting system, you:

- Identify all sources of income
- Identify all disbursements
- Create accurate financial reports
- Permit the accurate billing of members
- Report the financial standing of each member at any time
- Provide the secretary with data to prepare a statement of delinquent members for the president or board (such information is strictly confidential)

Annual audit

The bylaws of every club require an annual audit of club accounts, which can be completed by either a qualified accounting firm not affiliated with any club member or a standing financial review committee, as provided in club policy.

REMEMBER:

- The audit is required by the bylaws of every club.
- The audit may be completed by the club's financial review committee or a qualified accounting firm.

FILES TO BE MAINTAINED BY THE TREASURER

Incorporation

Each club in the United States and in some countries is required to be incorporated. Incorporation is typically completed at the time of the new club chartering. However, it's important to ensure that your club's paperwork has been filed. Check in your club files for a copy of the original paperwork. Kiwanis International and your state or local government agency will need a copy of these files. Be aware that incorporation must be renewed annually or according to your incorporation laws.

All clubs are required to be incorporated. Call Kiwanis member services at 1-800-KIWANIS, or +1-317-875-8755, ext. 411, for additional information.

For U.S. clubs only

U.S. revenue act regarding fundraising solicitations

United States legislation requires that any fundraising solicitation by or on behalf of Kiwanis clubs and Kiwanis districts must include an express statement that “contributions or gifts to the club are not deductible as charitable contributions for federal income tax purposes.” The statement must be in a conspicuous and easily recognizable format on all solicitations, whether in written or printed form, by television or radio, or by telephone.

990 tax form

The IRS requires that all U.S.-based Kiwanis clubs submit a 990 form annually. Not filing this form in a timely manner may put your club’s incorporation status at risk, resulting in the loss of its 501(c)4 tax exempt status. This form is due February 15, assuming a fiscal year end of September 30. For more information, go to www.KiwanisOne.org/form990.

Kiwanis International has established a relationship with a preferred vendor that specializes in not-for-profit accounting software that includes a simple method for submitting your 990 form. For more information, visit www.KiwanisOne.org/form990.

REMEMBER

- Report club finances promptly each month.
- Maintain separate reporting for administrative and service accounts.
- Reconcile bank accounts monthly.
- Give receipts for funds received.
- Require an invoice or a check request for checks written.
- Act as cashier at meetings (when needed).
- Provide records for annual audit.
- Retain records for seven years.
