

# YOU'LL CHANGE THEIR LIVES. THEY'LL CHANGE THE WORLD.

When you sponsor a Kiwanis Service Leadership Program, you make an impact in members' lives — and in the world where they live. Thanks to you, people of all ages and abilities get opportunities for service and leadership. The results are confidence, compassion and skills that last a lifetime. Your influence also brings:

**INCLUSIVITY.** The clubs you sponsor help break down community barriers. Multiple generations and demographics unite to serve and learn from each other.

**IMPACT.** By building and supporting new clubs, you expand the good you can do for people in your community.

**MENTORSHIP.** Your engagement provides members with positive, caring role models.

**RENEWED COMMITMENT.** Your own passion for service will be reaffirmed when you see the difference the club you've sponsored is making.

**HOPE FOR THE FUTURE.** Spend just a few minutes with these service-minded young people and adults and you will quickly realize the future is in good hands. Sponsors help build the next generation of community leaders.

**A LASTING LEGACY.** These programs change lives and improve communities. What better legacy could you leave?
