CLUB ACCIDENT INSURANCE

**OCTOBER 31, 2024 DEADLINE FOR APPLICATION
AND PAYMENT. DON'T DELAY.**

INCREASE YOUR CLUB'S FINANCIAL SECURITY

Financial stability is one of the most important considerations for any Kiwanis club. That's why Kiwanis International provides general liability and directors and officers liability insurance to every club in the United States and Canada. However, Kiwanis has access to additional coverage options — ensuring a level of insurance protection your leadership desires.

In this brochure, you'll find information for club accident insurance and crime insurance. Each option is available separately. (Crime insurance is now available in the U.S. and Canada.) Your club is not required to purchase either of them. However, we strongly encourage you to consider each one and discuss them

during upcoming board meetings.

The following pages provide details regarding benefits, premiums, deductibles and more — including examples of the possibilities that make each option worth considering.

After all, no club can guarantee that unforeseen events won't happen. But you can help protect against their costs. Examine your options when it comes to issues such as theft, accidents and legal exposure.

Explore this opportunity to maintain your club's confidence and stability — and help keep its focus on service and fellowship.

CLUB CRIME INSURANCE *(for clubs in the U.S. and Canada)* Application must be received by **October 31, 2024.**

WHY BUY CRIME COVERAGE?

A theft from your Kiwanis club could financially impact its ability to provide needed community service. Information in this brochure can help protect your club in case of such a theft or crime.

These insurance policies are voluntary. Kiwanis International does not require them, but strongly encourages your club's consideration. Please review the following information for an in-depth description of the coverage.

Your club could face theft of funds by a third party or member dishonesty and may be exposed to a wide variety of crime-related losses, including falsified receipts, cash theft, forgery or wire fraud. The crime insurance also includes a \$5,000 sublimit should a club be tricked into paying a fraudulent invoice by a criminal. The premium for crime insurance is \$145 for a \$10,000 limit of liability with a \$500 deductible. Higher limits are available, if desired.

You are strongly encouraged to read and discuss these issues during your upcoming board meetings and determine whether your club needs the coverages.

Should questions arise, please contact **Nathan Peterman, the Kiwanis International insurance broker at Hylant, 1-800-678-0361.**

CRIME COVERAGE

- Helps protect the club from theft of funds and dishonest volunteers, members, officers and employees.
- Softens the cost to a club for theft or embezzlement and other crime-related losses.
- Helps protect the integrity of Kiwanians and ensures your club's ability to serve the community.

POLICY HIGHLIGHTS OF CRIME COVERAGE

- Broad occurrence coverage for employee/volunteer theft and by non-employees/non-volunteers whether on premises or in transit, depositor forgery, wire fraud and more by a third party.
- Broad definition of theft.
- Premises coverage includes computer theft, safe burglary and robbery.
- At large festivals, significant values of cash are often accumulated before bank deposits can be made. The crime policy protects against the theft of this currency on-site or in transit to be stored or deposited.
- Increased Social Engineering Fraud (SEF) limits of \$25,000 are now available for clubs who purchase the \$50,000 crime limit. Clubs buying the \$10,000 or \$25,000 crime limit get \$5,000 of Social Engineering Fraud coverage. This coverage covers incidents of theft when someone fraudulently impersonates someone in authority and induces the club into voluntarily sending money to a bad actor.

CRIME CLAIMS EXAMPLES

The treasurer of a Kiwanis club had check-signing responsibility as well as access to its checking account. During his tenure, he set up a fictitious vendor who allegedly provided services for the club. The loss was not discovered until after he had left and was caught doing the same thing at his full-time employment. At this time, he admitted he had established the vendor "for the sole purpose of stealing from the organization." As a result, the club found out he had stolen nearly \$50,000.

Another Kiwanis club set up a consignment store to raise money and developed a no-questions-asked return policy in which merchandise could be returned without a receipt. The volunteer who ran the store took advantage of this policy by altering the books to show false returns and paying himself in cash. He made transactions in small amounts to avoid drawing attention to the transactions. When the volunteer died unexpectedly, the fraud was discovered by the new bookkeeper. As a result, the club found out it had lost nearly \$100,000 over the previous four years.

Any Kiwanis club may enroll. To apply, fill out the application and send it with your premium, as indicated. If you have any questions, contact **Nathan Peterman, the Kiwanis International insurance broker at Hylant, +1-800-678-0361.**

2. Accidental dismemberment

ACCIDENT INSURANCE CLAIM EXAMPLES

Injury: A Kiwanis club owns a portable refreshment trailer that it uses as a fundraiser by selling food items at local county fairs. A Kiwanis member sets up the trailer for an upcoming event and realizes it is not level. He's the only one there, so he attempts to move it by himself by picking the trailer up by the tongue and pulling it. The trailer slips out of his hands, and the tongue strikes his foot, crushing it. The covered accident insurance may apply.

Injury: The Kiwanis club runs a weekly bingo game as a fundraiser, and the sponsored Key Club runs the concession stands. As one of the Key Clubbers is returning from the storage area carrying supplies, she trips over a wayward box (which she left there) and falls forward, hitting her head on the floor. The ambulance is called, and she is rushed to the hospital. She has a concussion and a cracked cheekbone. Her family does not have health coverage. The covered accident insurance may apply.

Death: A club's annual fundraiser, a turkey shoot tournament, is conducted every November. The weather during the shoot is generally cold but not yet in the freezing range. This year the temperatures are colder than normal, with several days below freezing before the tournament. All participants are required to sign a waiver for the event. During the tournament, a participant is accidentally shot and killed by a bullet ricocheting off of a pond that has iced over. Even though the participant signed a waiver, the covered accident insurance may apply.

Dismemberment: A Kiwanis club is making repairs to a local homeless shelter as a service project. A member is helping repair the external wood trim, using his own table saw to cut the trim into appropriately sized pieces. At one point during the afternoon, there's a lot of commotion around the area where he is cutting the trim. He becomes distracted and accidentally cuts off his index finger. He is rushed to the emergency room, where efforts to reattach his finger fail. The covered accident insurance may apply.
