EDUCATION BLOCK 1

CLUB STORIES: APPEALING TO A YOUNGER GENERATION

Attracting new generations of servant leaders to your club is essential for its growth and sustainability. Young Kiwanians will share why they joined and what keeps them coming back — tips you can use to increase your club's appeal across age groups.

STAYING SAFE IN CYBERSPACE

Clubs need to understand cybersecurity to keep members' data safe. Learn how to combat cyberthreats and identify red flags in communications. Know the difference between phishing, smishing and vishing. Gain insights on effective response strategies and tools to safeguard your club and personal information in the digital world.

CLUB STORIES: BRINGING THE KIWANIS FAMILY TOGETHER

When the Kiwanis family works together, great things happen. Hear from Kiwanis clubs that have built strong connections with their sponsored Service Leadership Programs and gain insight into how your club can successfully do the same.

TELLING YOUR KIWANIS STORY

Social media is a great way to keep your club members updated and connected beyond meetings and events. But its potential goes much further. Unlock the secrets to telling your club's story and enhancing your membership growth through social media.

BUILD: EXISTING CLUBS

The number of clubs with membership numbers in the single digits is staggering. Even more shocking: the number of those clubs that intend to turn in their charters after celebrating their centennial. Explore how we can embrace the rich service histories of these clubs by rebuilding them and relaunching the projects that their communities once knew and loved.

BUILD: NEW CLUBS

Does your club have a nearby community that needs Kiwanis? What should you look for in a viable club site? Have you ever thought about opening a club as a service project? Why does everyone believe sponsoring a new Kiwanis club is expensive and difficult? Get the answers to these questions and more during this workshop.

SERVICE: A SOLUTION FOR TODAY'S STUDENTS AND COMMUNITIES

Students who volunteer experience increased self-esteem, stronger connections to both school and community, improved academic performance and a reduced tendency toward self-harming behavior. Our Service Leadership Programs are the prescription your club needs to guide students' service leadership journey.

EDUCATION BLOCK 3

CLUB STORIES: MEMBERSHIP GROWTH

More kids need Kiwanis every day, so it's critical that we have more Kiwanians to help meet those needs. Clubs that have been successful at membership growth will share their strategies and provide tips to help your club implement their tactics.

CLUB STORIES: SERVICE PROJECT SUCCESS — LARGE-CLUB EDITION

One of the most frequent requests from Kiwanis clubs is advice on how to energize a longtime service project or launch an effective new one. The larger the club, the more extensive the projects can be. Learn how clubs with over 40 members have implemented innovative service projects and how your club can successfully adapt them.

MAKING THE MOST OF KIWANIS ENGAGE

The new Kiwanis membership platform, Kiwanis Engage, gives members, clubs and districts expanded

KNOW. PROTECT. RESPOND. — HOW MEMBERS SUPPORT KIWANIS YOUTH PROTECTION

Learn more about youth protection and why it's so important to our work serving the children of the world. Understand how your diligence in safeguarding our programs can protect not only your club but your community as well.

MY GENERATION

Have you ever wondered what a club member younger or older than you really thinks about their Kiwanis experience? Now's the chance to find out. Our multigenerational panel members will share their individual Kiwanis stories and offer insights on how to make your club meaningful — and enjoyable — for all age groups.

SIX FUNDAMENTALS OF LEARNING & GROWING

This workshop expands on the overview provided in Kiwanis Launchpad: Forging the Future by our guest expert from the Fred Rogers Institute. The late Fred

Rogers, the beloved host of “Mr. Rogers’ Neighborhood” and coauthor of “Mr. Rogers Talks with Parents,” believed in “six basic necessities of learning.” These fundamentals include a sense of self-worth, a sense of trust, curiosity, the capacity to look and listen carefully, the capacity to play, and times of solitude. Take a deep dive into the six principles and how you can implement them in your club’s service projects and Service Leadership Programs.

BUILD AND NURTURE AND RETAIN — THE POWER OF “AND”

Too often we look at opportunities as a selection process. Which one should we be taking advantage of? Which one will help us the most or which one won’t come again? When really, we need to change our vantage point. In other words, what if we embraced the AND? What if we start a new event that is fundraising AND service? What if our newest initiative is about recruitment AND retention? Let’s embrace the power of AND!

LEVEL UP YOUR FUNDRAISING

Learn about digital fundraising from Givergy, a Kiwanis partner. See how you can incorporate online tools in auctions, raffles, donations and other fundraising efforts and walk away with new ideas for your club.

EDUCATION BLOCK 4

CLUB STORIES: SERVICE PROJECT SUCCESS — SMALL-CLUB EDITION

One of the most frequent requests from Kiwanis clubs is advice on how to energize a longtime service project or launch an effective new one. For smaller clubs, fewer members mean fewer hands to help. Learn how clubs with 40 members or less have implemented innovative service projects and how your club can successfully adapt them.

CLUB STORIES: FUNDRAISING SUCCESS — LARGE-CLUB EDITION

Fundraisers help sustain and grow your club and enable you to make a positive impact on even more kids. Larger clubs can launch more ambitious events for a more substantial financial gain. Get inspired by successful fundraising efforts from clubs with 40 or more members and discover how to make them work for your club.

MAKING THE MOST OF KIWANIS ENGAGE

The new Kiwanis membership platform, Kiwanis Engage, gives members, clubs and districts expanded capabilities and enhanced insights. Discover the added value this platform brings to your membership and how to use it to optimize your Kiwanis experience. *(Repeat of earlier session)*

THE GOAL WORKSHOP: YOUR PATH TO SUCCESS

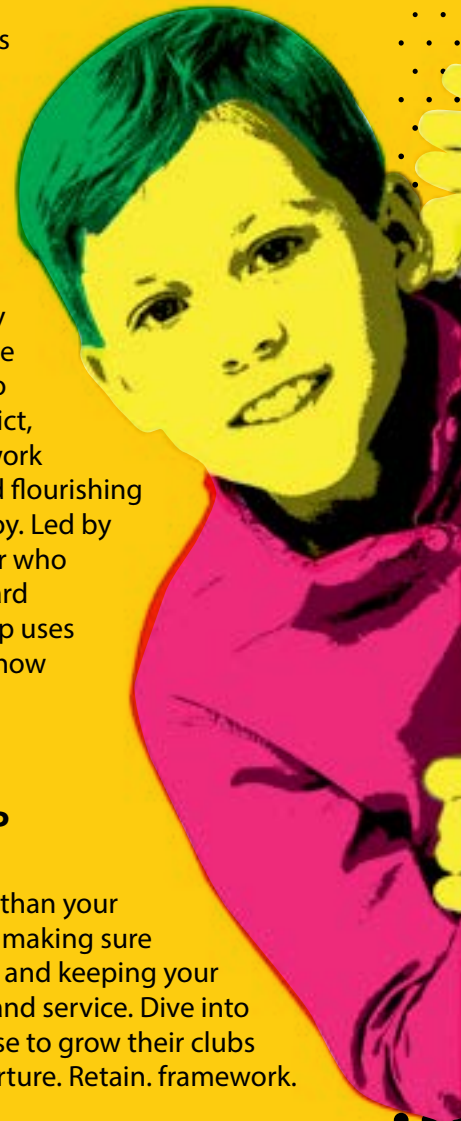

Transform your club’s biggest aspiration from wishful thinking into an attainable goal. Come prepared with something your club wants to accomplish (a service project, a membership growth target, a new Service Leadership Program — whatever you want to achieve). We’ll walk you through the steps to success.

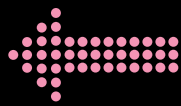

FINDING JOY IN CONFLICT THROUGH CURIOSITY

Your success as a leader rises and falls with your ability to manage conflict. This workshop, led by a self-described “recovering conflict avoider,” will help you understand how you handle conflict based on your Enneagram personality type. Then you’ll discover the skills you need as a leader to help your club resolve conflict, enhance productivity and work together as an engaged and flourishing team — and truly find the joy. Led by a recovering conflict avoider who used to moonwalk out of hard conversations, this workshop uses humor and stories to show how curiosity is the way through conflict to form an engaged and flourishing team.

RETAIN: MEMBERSHIP GROWTH

Club strengthening is more than your membership number — it’s making sure your members are engaged and keeping your club relevant in leadership and service. Dive into the tools club leaders can use to grow their clubs as part of the new Build. Nurture. Retain. framework.

NURTURE: HOW TO ENGAGE YOUR DIVISION IN A NEW CLUB'S SUCCESS

Learn how your division — not just the sponsoring club and club coaches — can support a new club. We'll give you the information you need to effectively stage a division-wide membership boost and/or service project. *(This workshop is recommended for current and incoming lieutenant governors; however, all are welcome to attend.)*

100 YEARS OF KEY CLUB

The wait is finally over! We're marking the 100th anniversary of Key Club in 2025 — and we're not letting this milestone moment go unnoticed. Get ready to discover what we have planned and how you can join us as we celebrate a century of service leadership.

EDUCATION BLOCK 5

CLUB STORIES: CLUB REVITALIZATION

How can Kiwanis clubs revitalize themselves when membership stagnates and interest runs low? Kiwanians share their success stories in rejuvenating their clubs and give you tips for adapting their methods to refresh and recharge your own.

CLUB STORIES: FUNDRAISING SUCCESS — SMALL-CLUB EDITION

Fundraisers are especially critical for sustaining small clubs and ensuring they can continue to serve kids. But with fewer people to help, it's crucial to make the most of available resources — human and otherwise. Get inspired by successful fundraising efforts from clubs with fewer than 40 members and discover how your club can customize those ideas.

MEETUP FOR MEMBERSHIP

A new way of growing existing clubs and opening new ones is taking Europe by storm! See how your club can use the MeetUp tactic to increase membership in a fun and innovative way.

RETAIN: THE IMPORTANCE OF ATTITUDE

What do club members say about your club? To each other? To the community? Is your language setting the right tone? Let's take time to assess our self-talk and look for ways to improve how we think and speak for greater success.

NURTURE: IT'S EVERYONE'S JOB

This session for lieutenant governors will focus on how to nurture both new and existing clubs. We will examine approaches and the impact on thriving clubs. Learn about this key part of your role in the new Build. Nurture. Retain. growth framework.

INVEST IN YOUTH THROUGH K-KIDS, BUILDERS CLUB

In our K-Kids and Builders Club Service Leadership Programs, primary/elementary and middle years/middle school age students, respectively, develop a passion to serve, a desire to lead and the ability to engage and collaborate with others. Learn how your communities, members and students will benefit when you add Builders Clubs and K-Kids to your portfolio of community projects.

REACHING KIDS THROUGH THE KIWANIS CHILDREN'S FUND

Explore how grants from the Children's Fund are empowering club service projects that transform children's lives worldwide. This session will highlight impactful projects funded through our grant programs, provide an overview of the grant application process and offer insights into how The Possibility Project is increasing these efforts.
