

Support our future through Kiwanis Voices

Many young adults believe in the power of service and aspire to grow as leaders. For those wondering about the next step in their journey, Kiwanis Voices is the answer. And you can help provide it!

Advantages also include an annual investment of US\$40 per member worldwide, with the funds returned to the Kiwanis Voices club after two years to support a service project. When the Kiwanis Voices Club is organized, the sponsoring Kiwanis club only needs to pay a one-time sponsorship fee of US\$100.

Encourage your club to sponsor a Kiwanis Voices club! And spread the word among young adults — at Kiwanis Service Leadership Programs' conventions, conferences and events, and throughout your community.

Learn more at kiwanis.org/voices.

Created for members ages 18-26, it's not just a new type of club. It's a way to strengthen our organization for generations to come. By sponsoring a Kiwanis Voices club, your Kiwanis club can:

- Help young adults shape their own Kiwanis experience.
- Ease the transition of Key Club and CKI alumni into Kiwanis.
- Help young adults maintain bonds and friendships and build new ones.
- Grow Kiwanis with passionate young adults who care about service.
